It's that time again! Remember to set your server time back an hour this weekend.

Erie Cancelations

Erie made some updates to their download files that inadvertently changed the value of the cancellation date. What this means for you is that when a policy cancels, it puts the termination date as the policy start date, making it seem like it canceled the day it started. This was effective October 23rd and is only temporary.

We recommend that you run a report through AL3 (IMS Downloads) to see what cancelations were effected, if any. We have contacted Erie and will let you know as soon as you can discontinue reporting.

How To

- Log into AL3 (IMS Downloads)
- Go up to the top of the screen and select Output, then Reports.
- Click to select the following: Transaction code of XLC; Company of Erie; Import Date Range from 10/23/2008 to current day.
- After you run this report once, repeat daily with only the current day selected to keep an eye on your canceled policies until you are notified of a

correction being in place.

Service Above and Beyond

I have implemented a new employee reward program and I want to give them credit! I know our staff works hard every day to do the best job they can. If you have worked with one of our team and he or she has exceeded your expectations, please email me at Brent@Xanatek.com.

I know it is impossible for us to reach perfection all the time, every time, but we still try! I am looking for your input on the staff at Xanatek. If we have not met your expectations, email me anytime at Brent@xanatek.com so that I may address your concerns.
